Work Experiences

Web Developer and Designer   **Personal Portfolio**
https://juliechou.com

- Independently designed, developed, and deployed a dynamic, bilingual, and user-friendly personal portfolio using React, Styled-components, and i18n for multi-language support.
- Implemented functionalities such as multi-pages, dark mode, and a contact form using the formspree library.
- Created custom CSS and JavaScript components for dynamic animations, enhancing user experience and engagement.
- Conducted comprehensive testing and debugging to ensure optimal functionality and responsiveness across various devices and browsers.

Web Developer and Designer   **Atlantic Sewing Guild**
www.atlanticsewingguild.org

- Collaborated with the client to improve website design and functionality, implementing design suggestions based on feedback.
- Rebuilt the organization's website on WordPress in under a month, showcasing strong problem-solving skills and quick learning abilities.
- Gained extensive experience in WordPress development, customizing themes, and project management, ensuring timely delivery and providing ongoing maintenance and updates to the website.
